

## SUNOCO ULTRA SN PLUS MULTI-GRADE ENGINE OILS

### OVERVIEW

SUNOCO ULTRA MULTI-GRADE ENGINE OILS are specially formulated using synthetic base oils and high-performance additive packages to provide superior performance benefits over conventional engine oils. These oils are formulated for excellent oxidation stability for long product life, superior low-temperature properties to insure protection during cold starts, lower volatility for reduced oil consumption, and excellent resistance to viscosity breakdown.

### FEATURES & BENEFITS

SUNOCO ULTRA MULTI-GRADE ENGINE OILS are API SN PLUS licensed and provide outstanding wear protection for vehicles of all ages. They are formulated for excellent oxidation stability for long product life, superior low-temperature properties to insure protection during cold starts, lower volatility for reduced oil consumption, and excellent resistance to viscosity breakdown.

### TYPICAL PROPERTIES

Product Code	7503	7513
SAE Viscosity Grade	10W-40	20W-50
Viscosity, cSt @ 40 °C	109.1	155.0
Viscosity, cSt @ 100 °C	15.65	18.5
Viscosity Index	152	135
HT/HS, cP @150°C	3.3	4.5
NOACK	12	5

### APPLICATIONS

SUNOCO ULTRA MULTI-GRADE ENGINE OILS are designed to meet the most demanding lubrication requirements of today's naturally aspirated, turbocharged, direct-injected, gasoline-fueled and flex-fueled engines. SUNOCO ULTRA 10W-40 is recommended for use in gasoline fueled automobiles and light duty trucks where a higher viscosity oil is preferred or where API SN Plus, SN, SM, SL, or SJ product is required. SUNOCO ULTRA GT 20W-50 is recommended for use in high performance engines found in race and rally driving. It has a higher viscosity that provides engines with full protection under higher operating speeds, temperatures, and other adverse conditions.

### SPECIFICATIONS

API SN/SN PLUS, SM, SL, SJ
